

Welcome to Term 4 - Last stretch of the school year!

As we begin the final term of the school year, let's continue to cheer our children on as they learn, grow, and shine in new ways. Term 4 is always a time to reflect on how far we've come, to celebrate milestones big and small, and to look ahead with pride and gratitude. Together, let's make this closing chapter of the year a memorable and meaningful one for our New Town community!

Previous Term Highlights!

Racial Harmony Day

July 25

Our students had a blast exploring traditional games from various cultures during extended recess!

A big thank you to our wonderful parent volunteers who helped make the event fun, safe, and meaningful for everyone.

Previous Term Highlights!

Cyber Wellness Session

August 15

The Cyber Wellness Session "I Can't Live Without IT!" was successfully held for our PSG members. Conducted by TOUCH Parenting, the session provided valuable insights into understanding our children's digital habits and screen use. Parents gained practical strategies to engage their children positively, while also learning how to apply tested parenting frameworks to support their digital journey. A big thank you to the school for organizing such meaningful and helpful events that support parents in guiding our children's learning and growth

Teacher's Day Concert

September 4

To celebrate our amazing NTPS teachers on Teacher's Day, a special tribute was presented by the first-ever PSG dance crew to show our appreciation to all their hard work and passion.

A heartfelt thank you to our incredible PSG moms for their courage and dedication in joining the crew and practicing with so much heart! You truly made this moment unforgettable. We can't wait to dance alongside you again, fellow PSG!

As we close this school year, we extend our heartfelt thanks to our parent volunteers and families for walking this journey with us. Your support has made every milestone possible. Together, let's carry this spirit forward into a bright and inspiring new year ahead!

Volunteer Spotlight!

Learn more about our wonderful
parent volunteer...

Meet Mr. Manikandan, a dedicated Occupational Therapist who has been serving with MINDS for the past 20 years and an active Grassroots leader with Queenstown Community Centre. A proud parent of Assistant Head Prefect, Mahaniya, he has been contributing his time and energy to the PSG for the past 4 years. His passion for service shines through both in the community and within our school. His work commitments did not stop him from dedicating some time and effort to support in adhoc activities that bring joy to the students. **We'd love to see more dads join in and be part of the exciting activities for our kids!**

Personal Story

Could you share your personal story behind your decision to be a volunteer?

For me, volunteering is nothing new as I am also an active Grassroots leader for the past 15 years serving the community. I love to share my professional and personal experiences with other parents and joining the NTPS parent group is a great avenue for me to do that. I can also create a positive influence on other parents especially for DADs to come forward to join the group. By being a member of the parent support group and supporting the school's activities really allowed me to relive my schooling memories.

A Passion for Volunteering

Could you share what personally inspires this wonderful dedication of yours being a parent volunteer?

Definitely, it is my passion to serve the community using professional expertise. I am a person who always looks for opportunities to serve others. Being a parent volunteer, I am able to experience and feel the same connectedness that my child does. While exploring for ways to contribute to the school—I realized that the best avenue is through PSG.

A Highlight to the Journey

What is one of the memorable highlights or moments of your volunteering experience?

One of my memorable experiences was when I demonstrated the authentic **murukku making** (a hands-on activity) to the students. It was a meaningful activity where I get to share my culture. It was well-received and appreciated by the students and this motivated me to participate in activities.

The Rewards of Volunteering

What would you say is the most rewarding aspect of your role as a parent volunteer?

The smiles and enthusiasm of the children as they learn and enjoy the activities truly make me proud and knowing that my small contribution made a difference. I'm also inspired by the tireless dedication of fellow PSG members and grateful for the opportunity to be part of this meaningful journey.

Highlights, Term 4

We are currently looking for extra hands to support our regular activities.

Come when it works for you—no fixed day needed.

MORNING TRAFFIC DUTIES

(Weekday 7am - 7:30am)
Ensuring the safety of students alighting from a vehicle at the school drop-off point.

RECESS DUTIES

(Weekday 9:10am - 10:40am)
Supervising the students in the canteen/playground/parade square.
